BIP

Title of the program: Circular Society Challenges in the Economy 4.0 (CSCE40)

Number of credits: 3 E3CTS

Aim of the program:

The main aim of the Erasmus BIP CSCE40 is to provide students with a more in-depth theoretical frame for a systematic study of the green development in general, as well as in the context of related study fields as Economics, Management, Public Administration. The students participating at the CSCE40 should acquire knowledge, competences, and methods of regional development, specifically in the circular society.

BUEM

All students from partner universities are welcome to participate at the BIP, after accepting their nomination prepared by the partner university.

BIP participation documents are – Application form and Learning Agreement prepared based on the recommendations of the sending university.
