Form and conditions of passing the subject: lecture using a multimedia presentation, exam in written form - issues of a closed and open interpretative practical nature.										
The amount of work needed to achieve learning outcomes in hours and ECTS credits										
Contact hours with an academic teacher										
Types of classes								Number of hours		
Participation in lectures								24		
Participation in seminars										
Participation in exercises										
Participation in laboratory classes										
Consultations (2 hours for the lecture, 1 hour for training group, conv., sem.)										
Sum of								24		
Student's own work divided into time (examples of student work forms)										
Form of student work								Number of hours		
Preparing for classes								18		
Writing a paper/project/essay										
Gathering materials and preparing presentations										
Self-reading								30		
Preparing for colloquia/tests										
Preparing for the written/oral exam in a subject								18		
Preparation for written/oral credit in a subject										
Sum of								66		
Total (contact hours + student's own work)								90		
								3 ECTS		
1.including the number of ECTS credits for contact hours with the direct participation of an academic teacher								1 ECTS		
2.including the number of ECTS credits for hours carried out in the form of independent work								2 ECTS		
Classes with a practical profile										
Types of classes					Number of hours					
Participation in laboratory exercises										
Preparing for practical credit					60					
Sum of					60					
Number of ECTS credits for practical classes					2 ECTS
