

**Kwidzyn, January 11, 2026**

**Announcement No. 1 dated January 11, 2026  
Vice-Rector for Teaching**

*Dear Colleagues,*

Due to the difficult weather conditions on January 11, 2026, I kindly ask you to allow students who encounter significant difficulties in safely returning home to leave classes early, starting from 3:30 PM.

At the same time, I request that a reasonable and flexible approach be maintained, and that classes for the remaining students be conducted according to the current academic schedule, as far as organizational possibilities allow.

I emphasize that this is an exceptional situation, and the safety of our students remains the highest priority and should be taken into account in all organizational decisions.

Thank you for your understanding and cooperation.

Beata Pawłowska, PhD, Professor PAAS

Vice-Rector for Teaching
